

2007 News Releases

Annual summer meter reading program begins tomorrow

NEWS @ A GLANCE:

Water meter readers will be visiting homes and small businesses until August. Watch for them weekdays between 3 p.m. and dusk. For your safety, please check identification before allowing a meter reader into your home. Meter readers only record water meter readings, and do not collect money. (for more details, please read the full media release below)

WINNIPEG - May 8, 2007- Water meter readers will be visiting homes and small businesses until August. Watch for them weekdays between 3 p.m. and dusk. Meter readers will be dressed in dark blue pants or shorts, and a light blue striped shirt with a City of Winnipeg Water and Waste logo over the pocket. All readers wear photo identification and carry a hand-held computer.

For your safety, please check identification before allowing a meter reader into your home. Meter readers only record water meter readings, and do not collect money.

When our staff call, please allow them to read your water meter. Regular readings prevent estimated bills and can save you money by alerting you to costly plumbing leaks.

For more information, please contact our Customer Service Centre at 986-5858 during regular business hours.
